## Awareness Programme

|                              |                     |
|------------------------------|---------------------|
| Date of event                | 19.06.2017          |
| Name and Type of Event       | Awareness Programme |
| Number of Participants       | 20 Students         |
| Address of the Place visited | GREAMSPET, CHITTOOR |

Department of Telugu staff along with students went to Greampet, Chittoor to give awareness on "Gas safety precautions". Our students and lady staff members visited houses in prasant nagar and give advises to housewives who are using LPG cylinders. There are a number of risks while using gas such as explosion from leakage, over heated or improperly used cylinders, also the risk of Carbone Monoxide poisoning and burns caused by contact with flame.

### Safety measures:

- \*Don't use match box or candle to look for leaks
- \*Don't turn on electric switches on or off Do not store flammable materials such as papers, tissues match boxes etc.,
- \*in emergency turn off regulator and call your gas agency staff
- \* Don't place cylinder inside an enclosed compartment.

### Out comes:

- \*Students learned how to approach people and how to speak and how to convince them
- \*Households listened our suggestions and agreed to follow the instructions given by students and staff

| Number of Participants       | 18 Students              |
| Address of the Place visited | Prasanthinagar, Chittoor |

**Child Marriages:** In India Child marriages are prevalent. Because of illiteracy people not having awareness on the consequences. Girls who formally marry before the age of 18 are more likely to have number of health issues , child and mother deaths.

### Giving awareness on Child marriage Act :

Department of Telugu along with students went to prasanthinagar, Chittoor to give awareness on child marriage Act. In Prasanthnagar most of the people are uneducated, labors working on daily wages. They perform marriages to their children before the age of 18. Our students tell them the effects of child marriages. They told that you do marriages in early age they likely have early pregnancies, they may face dangerous complications in child birth, and also experience domestic violence. Ending child marriages improve girl child's health we will save their lives.

**Outcomes:**

- \* Students learned how to approach people and how to speak and how to convince them
- \* Before going to Prasanthinagar they read through the child marriage Prohibition Act and gain knowledge about that act
